Creating a User Account

Steps:

1. From the login page, reachable by clicking the following link: <https://customer.vicworldwide.com>, please login with the following credentials provided by VIC:

2. After successful authentication, a user registration page will be shown. Please enter the personal info (name, surname, company's email and password) of the employee you want to register. The company's email will be your username;

Register

Please register your personal account.
Your e-mail must be your **company's e-mail** so you can access the orders you are involved into.
This step is needed to better **protect** your sensitive informations. Thanks.

Name*

Surname*

E-Mail (it will be used as username)*

Password*

3. Once registered correctly you will be redirected to the login page where you can login using the credentials just created (personal email and personal password);

4. Finally, once authenticated, your dashboard will be displayed.

The screenshot shows the CIC dashboard interface. On the left is a blue sidebar with the CIC logo and the tagline "YOUR EYES WORLDWIDE". Below the logo are navigation links: Dashboard, Analytics, Jobs, Maps, Setup, Change Password, and Logout. The main content area is titled "Dashboard" and includes a search bar at the top with the placeholder "Search a job by vessel name or job id...". Below the search bar are three summary cards: "INCOMING VESSELS" with a count of 4, "JOBS IN PROGRESS" with a count of 0, and "JOBS FINISHED" with a count of 79. Each card has a "View Jobs" link. Below these cards is a "Search Job" section with three input fields: "Search Job" (with a search icon), "Products" (with a dropdown menu showing "None"), and "Nation" (with a dropdown menu showing "None"). Below the input fields is a "Search" button. The next section is "Jobs In Progress With Issue", which contains two cards: "NON CONFORMITIES" with a count of 0 and an "Issues List" link, and "LOPS" with a count of 2 and a "Lops" link. At the bottom of the dashboard, there is a "Live Video" section with a "Live Video" button and a "Call the surveyor (+393911239463)" link. A "Live Video Playlist" button is also visible in the bottom right corner.
